ACB Honey Sales Program with Carolina Sundries

The Alamance County Beekeepers (ACB) honey sales program, in a partnership with Carolina Sundries (CS), located at 404 S Spring St, Burlington, NC 27215, is an opportunity for members to have a public space to sell their honey. The ACB will facilitate the program and is responsible for paying the members for their product and collecting payment from CS.

In order to participate, members need to review and acknowledge they understand this document in its entirety.

Participation Requirements

- Must be a member of ACB and dues must be current (renews each January)
- Member must have a minimum of six jars on hand.
- Member must reply back to the club they can fulfill and order within 24 hours of notification (email/text/phone)
- Member must deliver the product to CS by the due date (typically 2-3 days from notification)
- Member must notify the club ASAP if they can only partially fulfill the order or not at all.
- Labeling must meet all NC standards
- Members that use Certified labels must be current with the state Certification Program. If the member is not current, the label cannot be used until they renew with the state.
- The maximum number of jars a member can sell per round is 12 jars. If CS needs more than 12, multiple members will be notified to fulfill the order. (This program is to allow everyone an opportunity to participate and provide CS different products from different members at any given time)

Product Requirements

The type of jar does not matter, nor the label, as long as it is a one-pound jar.

The label must contain all the required information, by the state, to sell your honey.

- Must say "Honey"
- Type of honey – most likely it will say "Wildflower Honey" or "Raw Honey" (Unless you have documentation to prove otherwise. Please note, there will be no upcharge for sourwood, etc. at this time.)
- Weight of honey in ounces/pounds and grams.
- Name of producer – your name/farm name
- Address of the producer (including zip code)
- Do not include "Organic" on the label

More information can be found here: <https://www.ncbeekeepers.org/resources/labeling>

The top of the jar lid should not be labeled as an ACB label will go there. This label will either be given directly to the member to affix to the lid or added later at CS by a representative from ACB.

If using a certified label, affix it to the front of the jar.

Please make sure honey has not crystalized and is clean and pure. Please use labeling that is clear and consistent. (Printed)

Program Details

Members will be added to a list to participate on a first come, first served basis. As CS asks for more product, the first person on the list will be the next to have the opportunity to participate. The maximum number of jars a member will be asked to deliver is 12 jars. Members will be notified via phone/email/text and must respond back within 24 hours to the order request.

If the total order is more than 12 jars, multiple members will be notified, and the order will be split as equitably as possible.

Members will move to the bottom of the list and will be contacted again when they appear at the top of the list.

If a member cannot fulfill the order, or does not respond to the order request, they will still be placed at the bottom of the list and will be contacted again when they appear at the top of the list.

Payment Details

The ACB member will notify the Treasurer the number of jars sold, and date of delivery and we will get you a check. Please allow a few days for a check to be processed and mailed. You can get paid via PayPal – but there is a 4% fee, based on the sales total, subtracted from your total. Invoicing the club is also fine, but any fees will be subtracted from the members total sales. **Carolina Sundries will not be paying any club members directly.**

Any questions about the program, to opt in or out can be done by emailing the treasurer at treasurer@alamancebeekeepers.org or call 336-314-3676

Please do not contact Carolina Sundries!

ACB has the right to remove members from this program at any time and this program is subject to change as it develops.

I acknowledge I have read this document in full and understand all requirements and program details.
